What is a Mock Conference?

“Mock” means a practice or rehearsal for a later event. The Michigan Mock Conference does just that and more. At this conference we examine select Conference Agenda Items and inform our three Michigan Area Delegates how we feel about those Agenda Items so that they are better informed to represent us at the General Service Conference in New York.

Come, listen, and learn. Give your input to your Delegates.

All attendees are strongly encouraged to pre-register online. Pre-registration ends Wednesday, March 19, 2025. Sometime in early to mid-February, you will be assigned to one of nine in person Conference Committees or to a Virtual Committee if you chose that option when you registered. You will also be provided with two agenda items for your assigned committee to consider, along with the relevant background material. Please, please register early to help us know the number of attendees for planning purposes. You can still attend and register on site, but you will not have the background material in advance.
