

Area 33 Accessibilities Committee: Fast Responders

Fast Responders are members of Alcoholics Anonymous who have volunteered to carry the A.A. message of hope to A.A. members who are unable to attend meetings on their own due to accessibility issues. These may include members who are in convalescent facilities, hospitals or homebound. Fast Responders often carry the message when and where no one else can. It is vitally important that the A.A. message is carried to all who wish to hear it, and it is the responsibility of its members to carry that message.

The list is location conscience so Fast Responders are minimizing drive time to be of service. If you are interested in signing up scan the QR code below, or contact the Area 33 Accessibilities Committee Chairperson at Area33accessibilitieschair@aa-semi.org.

Thank you for your time and service
